1 Okayama City provides disaster prevention information via email that users can access on mobile phones and computers which have been registered in advance. We encourage you to use it as a means of obtaining prompt and accurate information for your safety in times of disaster.

## 2 Who can register

Those who can receive and send emails on their mobile phones or computers can register.

## 3 How to change / unsubscribe your registration

○ When you want to unsubscribe your registration

Tap/click the URL for changing/unsubscribing the registration at the end of the email sent to you. Choose “Unsubscribe” to stop receiving emails. After a while, you will receive a service-delete confirmation email. This is the end of the unsubscription process.

○ When you want to change your registration

Tap/click the URL for changing/unsubscribing the registration at the end of the email sent to you. Choose “Change” to modify the information to be delivered.

○ When you want to change the registered email address  
Unsubscribe your registration with the current email address and go through the registration process with your new email address.

## 4 Notes

○ Registration is free of charge. However, communication charges for receiving emails, etc. are at your own expense.

○ This service will send you emails at any time of the day or night.
